Dear AOB Families,

We are excited to invite you to our first School Advisory Council meeting of the year on **Wednesday, September 16 at 5:45 p.m.**

The School Advisory Council (parent council) provides a wonderful opportunity for parents and guardians to learn more about our school, share ideas, and help shape the educational experiences of our students. Your voice, perspectives, and involvement are important to us.

We would be delighted to see a large turnout at our meeting as we begin another exciting school year together. Whether you are a returning member or attending for the first time, we warmly welcome your participation.

We look forward to connecting with you and working together to support the success of AOB students.

Thank you for your continued support of our school community!

We hope to see you there!

AOB Administration
